

ULGHAM VILLAGE ASSOCIATION

February 2023

Please refer to December 's newsletter to remind you of the regular meetings and the general information which is highlighted every month.

Village News.

We had a convivial UVA AGM, summing up a busy 2022.

Thankyou to everyone who attended.

It was decided to publish an information sheet for the year, online and for delivery. Then there will be a monthly news sheet with relevant news and events. This will be organised for March.

Keep safe and secure.

There has been some suspect activity around cars and property in the village, and one break in.

Lock your cars and make sure all valuables are safe inside the house.

Make your house as secure as possible and show lights if you are out or away.

Be aware of strangers around. Contact neighbourhood watch if you are concerned or the Police if there is worrying activity in or around your property.
