From the Neighbourhood Watch Team

Dear resident,

When you're buying online, how confident are you that you're dealing with a genuine seller and not a criminal? Or do you even think about it?

Many people believe that online shopping scams are easy to spot, with poor spelling or grammar, dodgy logos or unusual website or email addresses or phone numbers. However, this is now rarely the case, with scammers going to great lengths to earn your trust before cheating you out of your money. It's upsetting at the best of times, but even worse when money's tight.

Whether you're buying a car, clothes, or gifts online, help to safeguard yourself and your money by watching Get Safe Online's latest short video and reading on to discover our top tips:
